Important Questions	Answers	Why this Matters
What is the overall <u>deductible</u> ?	For <u>participating providers</u> \$2,000 person / \$4,000 family For <u>non-participating providers</u> \$4,000 person / \$8,000 family The <u>deductible</u> for each benefit level is calculated separately. Amounts you pay toward the <u>deductible</u> do not count toward any co-insurance maximums.	Generally, you must pay all of the costs from providers up to the deductible amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u> ?	Yes, the preferred benefits <u>deductible</u> doesn't apply to <u>preventive care</u> , certain services subject to flat dollar <u>co-pays</u> and prescription drugs. Emergency room, ambulance and advanced imaging services are subject to the <u>deductible</u> and a <u>co-pay</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without cost-sharing and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <u>https://www.healthcare.gov/coverage/preventive-care-benefits/</u> .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
limit for this plan?	Yes. For <u>participating providers</u> \$7,900 person / \$15,800 family For <u>non-participating providers</u> \$15,800 person / \$31,600 family However, your plan also has a co-insurance maximum. For <u>participating providers</u> \$1,500 person / \$3,000 family For <u>non-participating providers</u> \$3,000 person / \$6,000 family The co-insurance maximum limits the total amount of <u>co-insurance</u> you will pay for certain covered services during a coverage period. The co- insurance maximum is included in the <u>out-of-pocket limit</u> . The <u>out-of- pocket limit</u> and co-insurance maximum for each benefit level is calculated separately.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u> ?	<u>Premiums</u> , <u>balance-billed</u> charges, health care this <u>plan</u> doesn't cover, services that exceed an annual day/visit limit, and any <u>co-pays</u> and <u>co-insurance</u> you pay for any non-essential health benefit.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket</u> <u>limit</u> .
Will you pay less if you use a <u>network provider</u> ?	Yes. See PriorityHealth.com or call 1-800-446-5674 for a list of <u>participating providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a <u>specialist</u> ?	No.	You can see the in-network <u>specialist</u> you choose without <u>a referral</u> .
